	08.30-10.00 Awarding ceremony at ISS Departure of participants
Duration of rounds	S4A - Three rounds of 1 h S6A - Three rounds of 1 h S9A - Three rounds of 1 h S7 - Two rounds in open slot of three hours, S8E/P - Four rounds of 17 minutes.
Breaks between rounds	10 minutes (S8E/P)
Maximum duration of each round	60 minutes
Interruptions and delays	No
Weather and visibility	Sunny (temperature from 8 degrees in the morning to 26 degrees in the afternoon), wind speed from 3 to 9 m/s, horizontal visibility over 15 kilometres.
Flight line changes of position	No
Number of flying sites	Six
Number of competitors per launching site/class	Not more than eight
Local rules or deviations from Sporting Code	Competition conducted according FAI sporting code
Alteration of the schedule	Due to heavy wind initial schedule was changed and competition was completed on reserve day.
Any additional sporting activity	No
Observations on time-keeping/judging	Very correct
Comments on ground facilities	High Standard
Prize-giving and issue of results	The winners in all classes received diplomas and cups at the awarding ceremony at ISS. PC data processing was at the airfield. Score lists with marked juniors were posted immediately after each round on scoreboard. Bulletin with final score lists was distributed to all participating countries (teams) after the competition and sent by e-mail to the participants.
Any incident or accident	No
Protests	No
Comments on accommodation, food, entry fees and other expenses	Accommodation at ISS hotel was satisfactory. Full board was available for all participants. Meals were served in ISS (breakfast and supper) and at the airfield (lunch). Additional food and beverages were available in the restaurant at the airfield. Entry fee was 30 EUR as announced.
Final comments and evaluation of the contest	The organization of the event was excellent. The transportation for all participants was organized each day from the ISS hotel to the launching site and back. Organizers provided tents with tables and chairs on the airfield for all competitors of each participating country. The airfield was a flat area open to all directions without any obstacles and assured perfect conditions for running the competition of the highest level. Due to heavy wind competition was completed on reserve day.
