

CIAM FAI
Report of the RC Soaring Subcommittee
Activities from April to November 2011

The RC Soaring Subcommittee has fifteen members. All matters were discussed by e-mail.

F3B

The F3B World championship 2011 in China was again a successful event. The only drawback was a low number of participants compared with the previous WCh organised in Europe.

F3J

Also the F3J European Championships 2011 at Bovec (Slovenia) were well organised. The conditions concerning flying field and weather were excellent. The flying technique of top pilots is still improving to unbelievable level. From the whole 10 minutes working time they sometime loose only one second for launch.

F3K

At the first F3K World championship 2011 a technical meeting took place. The experience from the field was used for formulation of some proposals concerning clarification and improvements of the rules.

World Cups

During the year new people were found willing to serve as World Cup Coordinators. For the F3B class Ralf Decker (GER) offered his service, for F3J class Erkki Arima (FIN) took the duty, for F3F class Franz Demmler (GER) and for F3K Hayley Hawes (GBR) are prepared to serve. All aim to extend the World Cup to the whole world.

16th November 2011

Tomas Bartovsky
RC Soaring Subcommittee Chairman
