Many 1st places at F3B Competitions with junior scoring

-More results and details of his achievements on the separate sheet.

Personal Statement: What role did Aeromodelling play in your life and what are your aspirations for the Future? (One page to be written in the Nominee's own hand and attached to this form. If written in a language other than English, then please attach a typed translation as well as the hand-written original.)

With regard to aeromodelling, it is important for me to meet with colleagues and friends from different countries in order to exchange experiences, and gauge my own skill in competitions (contests) with them. Collegiality and friendship take top priority, thought. Only that way can everyone profit from the experience.

My immediate goals for the future are:

- 2014 I would like to place in the top ten of the F3B World Cup ranking.
- 2015 I would like to successfully defend my Junior World Champion title in class F3B, as well as have a podium finish in the individual overall classification at the F3B Worldchampionships
- As I celebrated success in two F3K competitions in 2013, I would like to further concentrate my efforts on this class in 2014.
